EDUCATION

Bachelor of Science: Computer Science   *Expected in 09/2027*

Simon Fraser University - Burnaby, BC

PROJECTS

CRM Software Development   *October 2024*
- Collaborated in a team to develop a CRM software solution for managing customer data, sales pipelines, and reporting.
- Contributed to back-end development using C++/Python and database management with SQL.
- Participated in testing, debugging, and deployment to ensure scalability and security of customer data.

EATSCAPE [Vancouver Restaurant Finder]   *December 2024*
- Created a dynamic website using HTML, CSS, and JavaScript to help users discover restaurants in Vancouver tailored to their preferences.
- Integrated Google Recommendations API and Google Maps API to provide personalized suggestions and interactive maps.
- Enabled users to sort restaurants by vibe, atmosphere, cuisine, and food type, offering an intuitive and efficient dining exploration platform.

Financial Advisor Application   *January 2025*
- Developed a Virtual Financial Advisor application utilizing two APIs for real-time financial market data and personalized financial insights.
- Implemented features for budget tracking, goal setting, and investment recommendations tailored to user preferences.
- Enhanced user experience with accurate, data-driven financial advice and interactive dashboards.

OTHER PROFESSIONAL EXPERIENCE

Operations Executive / Visa Xpert - Pathankot, Punjab   *04/2022 - 04/2023*
- Established policies and procedures for day-to-day operations that comply with company standards and regulations.
- Prepared staff work schedules and assigned team members to specific duties.
- Coordinated with cross-functional teams to ensure smooth operations.
